Chairman: LEUNG Tony

Profile

- Global Master of Business Administration 2020
- 15 years with Pacific Watch Company / 8 Years with Crisella Limited
- General Manager with Pacific Watch Company / Board of Director with Crisella Limited
- Involvement with MBS AA / Island ECC Church / Paws United Charity

Vision Statement

On the bases of the distinctive learning received from the MBS team and the student bodies, to the continued network maintained through MBS AA activities, has led me to having the honour and pleasure to be considered for a seat with the board members of MBS AA.

To this opportunity I would strive to continue the excellent work put forth from previous board members, in building on the foundation of connection between all past; present; and future alumni for a continued sustained growth. In sharing a common experience through our studies and representation allows for a connection that is special in comparative to common professional networking. From the amazing platform and support from the MBS Hong Kong office team I am confident to contribute towards a valuable experience.

Board Member: MORTENSEN John

Profile

- Bachelor of Architecture (1988)
- Global MBA (2021)
- Current Position: Asia Pacific Regional Head of Education Sector at Jones Lang LaSalle

Vision Statement

The Alumni Association is an important platform to keep graduates in touch with graduates and to keep everyone in touch with the School. The past 18 months have limited the normal interactions between graduates and with faculty. It's more important than ever that we have an active and visible Alumni network in Hong Kong, keeping all of us in touch.

The Alumni Association also keeps the School in touch with the community. As we aim for sustainability in all our actions, maintaining positive relationships with the community is a way of giving back to those less privileged and a way of paying forward to encourage others to consider University of Manchester as a destination for their own studies.

This year I am looking forward to the opportunity to catch up with graduates in Hong Kong and around the world through collective activities that may be online or face to face, whatever the circumstances allow. Whether it is something as simple as a monthly book club get together, or as large as the annual dinner, I will provide support to the Association's various plans.

Sustainability is a major theme for the year. I will be planning events which highlight the efforts that University of Manchester is making in the research and teaching of sustainable practices. University of Manchester is one of the leading universities in Europe researching sustainability, it's important that we support and emphasize the pioneering work for which the university is now recognized.

- Current position: Associate, Andrew Lee King Fun and Associate Architects, HK.

Vision Statement

We have all benefitted from the education received and networks build during our MBA journey and I aim to further the MBSAA as a platform to continue and further those opportunities. I hope to contribute towards building that society with professional education for alumnus and outreach events to network alumni with local and oversea partners. The MBSAA shall also help to promote the school and its alumni to businesses and to society via programs reaching various sectors of society and business realm. I hope my skills in presentation skills and networks may contribute to help expand the school's representation and reputation in HK and elsewhere.
